Current Trends in the Hardware Sector: HP Experience

Scott K. Peterson
Senior Counsel
Hewlett-Packard Company

From What Perspective
Do I Speak?

What Trend Have I Seen?

A Brief Journey Through History

Open
Source
Software

Open Source Software is in the

Mainstream

2009

GNU General Public License

What is the Hard Part?

Legal analysis of FOSS licenses
is not the hard part.

Dealing with the practical challenges
of attending to
all of the details necessary to comply
with FOSS licenses is a more
substantial challenge.
